

## Glossary

**Nationally determined contributions (NDC):** the NDC is at the heart of the Paris Agreement. The NDC embodies efforts by each country to reduce national emissions and adapt to the impacts of climate change. The Paris Agreement (Article 4, paragraph 2) requires each Party to prepare, communicate and maintain successive nationally determined contributions (NDCs) that it intends to achieve. Parties shall pursue domestic mitigation measures, with the aim of achieving the objectives of such contributions. More information [here](#).
