

Partnership on Transparency in the Paris Agreement

Introduction to the Partnership and
the Asia Regional Group

Hanna Reuter, GIZ

The Partnership

- Launched 2010 at the Petersberg Climate Dialogue by **South Africa, Republic of Korea** and **Germany**
- Semi-formal forum for **political dialogue and peer-exchange**
- More than 120 countries have participated in its various activities; **open to all countries** interested in ambitious climate action
- **Goal:** encourage all countries to step up for **enhanced transparency** in order to achieve the global goal of keeping temperature increase well below 2° Celsius, and pursuing efforts to limit it to 1.5°Celsius.

Partnership formats

- **Partnership Meetings** held in the margins of UN climate negotiations
- Policy dialogue during **Annual Partnership Retreats**
- Capacity building and peer-learning through technical workshops in **5 regional and language groups**, and international conferences
- **Knowledge sharing** through the website (www.transparency-partnership.net), the newsletter, Twitter (@TrackingClimate) and webinars
- **Knowledge products** such as discussion papers, case studies (Good Practice Database) and digital tools
